Gary Harton is joining Reprogenetics

Reprogenetics is proud to announce and welcome Gary Harton as its new Manager of Molecular Genetics.

Mr. Harton brings with him over twenty years of experience in the field of infertility and preimplantation genetics. He comes to us from Genetics & IVF Institute, where he was instrumental in forming the Preimplantation Genetic Diagnosis Laboratory in 1991. He leaves his post as Director of the PGD laboratory and Director of the Endocrinology laboratory to join Reprogenetics.

Mr. Harton has been an author on numerous peer reviewed scientific articles and abstracts. He is certified by the American Board of Bioanalysis (ABB) as a Technical Supervisor, Molecular Diagnostics, and is a member of the American Society for Reproductive Medicine (ASRM), European Society of Human Reproduction and Embryology (ESHRE), Preimplantation Genetic Diagnosis International Society, member of the College of American Pathologists Working Group on PGD accreditation, and is the Deputy Chair of the Steering committee for the ESHRE PGD Consortium.

We are pleased to have Gary Harton on-board, and look forward to a prosperous future with him.
